The purpose of this assignment is to demonstrate your understanding of the World Wide Web (WWW). Using the web, you will find and report on three topics, as follows.

1. (35 points) A news event (your choice) in Addis Ababa, Ethiopia; give a summary of a news event (Hint: start your search with Ethiopian news)
2. (35 points) Information about Louis Riel, leader of the Metis people; give a brief summary of the life of Monsieur Riel, i.e., birth and death dates, places of residence, major events in his life (Hint: start your search with Louis Riel Metis)
3. (30 points) Name of a Chinese language shareware program; give the name of the program and information about the capabilities of that program (Hint: start your search with Chinese shareware)

Prepare a Word document containing the following items for each of the three parts of the assignment (one page for each part - don’t forget to print your name at the top of each page):
- How did you locate the information (tell me the procedure that you used)
- Give me the URL (Uniform Resource Locator) so that I can access your source
- Include the information specified above.

Here is a sample of an Internet Explorer screen as it appears after you have entered www.yahoo.com in the URL address section, and after you have entered Ethiopian news Addis Ababa in the Search box.
