Graduate School Application Fees

- ▶ We have a limited budget to pay for graduate school application fees. We cannot pay for fees that you could have had waived as an LSAMP participants, so please check on waivers before you pay. If the fee cannot be waived, we need proof that you paid the fee.

13

Gray Areas

- ▶ In general, it is best to submit the paperwork for things that might not be reimbursable, since sometimes we end the year with a little extra money and will look for student reimbursements to pay.
- ▶ Once you have officially graduated we will most likely not be able to process reimbursements to you.

14

Research Poster Printing

- ▶ We can pay to have research posters that you will be using to present your work printed through Reprographics. You can come to the LSAMP Office to pick up the form Reprographics needs to bill us.
- ▶ Posters are generally 3 ft. by 4 ft. in color on plain paper and cost about \$35.
- ▶ Everyone doing research should have a poster in the College of Science Poster Celebration in May.
- ▶ Your research mentor should be able to help you design a poster. Please contact us if you have any questions.

15

Research Interns

- ▶ We are just now selecting and hiring our research interns for Fall
- ▶ If we have more applicants than funds, priority goes to:
 - ▶ Continuing Interns who have complied with the requirements
 - ▶ LSAMP participation - e.g. meeting attendance
 - ▶ Distribution over majors and mentors
- ▶ Sometimes Interns graduate in the Fall, so if you applied and didn't receive it, try again in Spring
- ▶ We will keep your application open - depending on funds we may have one or two late hires
- ▶ Some expectations for Spring semester
 - ▶ Student Research Competition
 - ▶ College of Science Poster Session
