

**CS 4100, Spring 2012**  
**Assignment 1**  
**January 27, 2012**

Starting now and for the rest of the semester you are to write for 10 minutes a day (a minimum of four days a week). Start a file in the following format:

```
<File name>  
<You Name>  
<Date Created>  
<Purpose>
```

```
=====  
<Date>  
=====  
your ten minutes of writing.....
```

```
=====  
<Date>  
=====  
your ten minutes of writing.....
```

```
=====  
<Date>  
=====  
your ten minutes of writing.....
```

and so on.

You can write anything you would like in this file. I will check (skim through) it a couple of times during the semester (possibly with minimal notice) to make sure that you are doing it, but I will not be reading the contents. You may use any delimiter you choose to set out the dates and separate the entries.

The goal of this assignment is to develop a habit of writing, which will help to record interesting thoughts and clarify your thinking.
