CS 4100, Spring 2012
In Class Writing 1
February 1, 2012

Write a short, well-organized essay on the following topic:

My Favorite Programming Language

Your essay should include a discussion or two or more specific aspects of the language that you particularly like and at least one aspect of the language you would like to see changed. Your essay should be thoughtful, well structured and balanced. Your arguments and opinions should be supported by facts and examples.
